CURRICULUM VITAE

1. DONNÉES PERSONNELLES

Nom, prénom(s)	SHAH Dipen Chandrakant
Date de naissance	16 août 1963
Nationalité	Indien
Etat civil	Marié
Enfant	1
Adresse personnelle	Avenue Gaspard-Valette 12, 1206 Genève, Suisse.
Adresse professionnelle	Service de Cardiologie, Hôpital Cantonal Universitaire de Genève, Rue Gabrielle-Perret-Gentil 4; 1211 Genève 14. E-mail: dipen.shah@hcuge.ch ; tél: +41 22 372 71 97; fax: +41 22 372 72 29.

2. POSITION ACTUELLE

- Médecin adjoint agrégé.
Responsable de l'Unité d'Electrophysiologie
- Professeur associé
Faculté de Médecine, Université de Genève

3. DIPLOMES OBTENUS

Titre / affiliation	Année	Classes	Sujet
Diplôme d'Expert en Radioprotection	2007		
Privat Docent	2006		
Cardiologue Européen	2000	-	Cardiologie
Diplôme de formation spécialisée (Université of Bordeaux II)	2000	-	Pathologie cardiovasculaire
Certificat de Diplômé de la Commission Nationale (National Board of Examinations, India)	1992	-	Cardiologie
Docteur en Médecine (M.D.) (B.J. Medical College, Gujarat Univ.)	1988	1 st class, Ranked 2 nd in the University	Médecine générale et thérapeutique
M.B.B.S. (B.J. Medical College, G ujarat Univ.)	1984	1 st class	

4. FORMATIONS DEPUIS LA MATURITÉ (PRÉ-GRADUÉES)

- 1981 - 1985 *Formation de médecine de base - Inde*
Undergraduate courses in human Anatomy and Histology, Physiology, Biochemistry, Pathology, Pharmacology, Microbiology, Embryology, Forensic Medicine, Preventive and Social Medicine followed by clinical rotations in general Medicine, general Surgery and Obstetrics and Gynecology as well as subspecialty rotations at the B.J. Medical College, Ahmedabad, India
- 1985- 1986 *Stage d'apprentissage comme "médecin interne" en médecine communautaire (18 mois) - Inde*
18 months of undergraduate clinical apprenticeship ("Internship") in a hospital setting including 6 months at a village community health center (Pisawada, Gujarat state, India)
- 1986-1989 *Médecin assistant en médecine interne (12 mois) puis en sous-spécialités de médecine interne (Cardiologie, néphrologie, oncomédecine, etc.) (12 mois) - Inde*
Junior residency consisting of 12 months clinical clerkship in Internal Medicine and then another 12 month period within subspecialties of Internal Medicine (e.g. Cardiology, Nephrology, Oncomedicine etc.) at the B.J. Medical College, Ahmedabad, India
- Chef de Clinique en médecine interne (12 mois) puis chef de clinique responsable d'une sous-unité de médecine interne - Inde*
Senior residency for 12 months in Internal Medicine service, followed by a Registrar-ship after having completed the requirements for a MD qualification at the B.J. Medical College, Ahmedabad, India

5. ACTIVITES PROFESSIONNELLES (POST-GRADUEES)

Cardiologie Interventionnelle

De Décembre 1989 à mai 1995, à l'Hôpital Apollo, Chennai (anciennement Madras), Inde, tout d'abord comme Chef de clinique (*Senior Resident*) (décembre 1989 à janvier 1992) puis en tant que Cardiologue assistant (*Associate Consultant*) (février 1992 à mai 1995) – Inde, avec expérience dans les types de procédures suivantes :

- ◆ Echocardiographies transthoraciques et transoesophagiennes, chez des enfants et des adultes
- ◆ Cathétérismes cardiaques diagnostiques chez des adultes et des enfants, ainsi que chez des nourrissons souffrant de cardiopathie congénitale complexe cyanogène.
- ◆ Interventions pédiatriques :
 - Dilatation par cathéter à ballonnet des valves pulmonaires et aortiques, coarctations aortiques, sténoses des veines pulmonaires.
 - Fermeture de PDA et FOP par coils, « foam » ou autres dispositifs
 - Occlusion par coil de shunt systémique pulmonaire et colatérale aorto-pulmonaire.
- ◆ Interventions adultes :
 - Ponctions transseptales
 - Dilatation par cathéter à ballonnet des valves aortique, tricuspide et mitrale, coarctation aortique.

- Fermeture de PDA par coil ou « foam »
 - Dilatation de sténose des artères rénales
 - PTCA des coronaires et des pontages
 - Dilatation au ballon de sténose des artères périphériques
- ◆ Implantations de pacemakers à chambre simple ou double, temporaires et permanentes.

Electrophysiologie Interventionnelle

Assistant de recherche clinique en électrophysiologie cardiaque de juillet 1995 à décembre 2001 au Centre Hospitalier Universitaire de Bordeaux, Hôpital Haut-Lévêque, Avenue de Magellan, 33604 Pessac, France, Centre concentrant son activité aux ablations par cathéters de radiofréquence (700 ablations/an). Effectué environ 1000 ablations par radiofréquence pour tous types d'arythmies supraventriculaires et tachycardies ventriculaires, y compris plus de 100 ablations curatives de fibrillations auriculaires. Effectué des protocoles de recherches se concentrant sur les flutters auriculaires typique et atypique ainsi que sur l'ablation des fibrillations auriculaires.

- 1) Shah DC, Kautzner J; Vancura V: **Catheter ablation of atrial fibrillation**. Live demonstration. *2nd Prague Workshop on Catheter Ablation*. Prague (Czech Republic), 25-26 March 1999.
- 2) Haïssaguerre M, Jaïs P, Shah DC: **Live Atrial Arrhythmia Ablation Birmingham / Bordeaux, Electrophysiology Masterclass**. Queen Elizabeth Medical Centre. Birmingham (United Kingdom), 3 June 1999.
- 3) M. Haïssaguerre, P. Jaïs, D.C. Shah. **Thermo-cool: New Technology in Practice**. Video Presentation Cordis Webster, 1999
- 4) **Thermocool catheter** live demonstration at Institute of Cardiology, Kuala Lumpur, Malaysia, 4-5 April 2000
- 5) **Thermocool catheter and Carto** live demonstration at All India Inst. of Medical Sciences, New Delhi, India, 6-7 April 2000
- 6) **Thermocool catheter and Carto for Incisional Atrial Tachycardia** live demonstration at GB Pant Hospital, New Delhi, 8 April 2000
- 7) M. Haïssaguerre, P. Jaïs, D.C. Shah. Live case demonstration and video of **Contemporary mapping and ablation techniques in cardiac electrophysiology**. 6th Augustus Waller Meeting - London, 15-16 December 2000
- 8) **RF Catheter ablation of the pulmonary veins for Paroxysmal Atrial Fibrillation**. Live demonstration at the CARE Hospital, Hyderabad, India, 20-22 January, 2001
- 9) **RF Catheter ablation of the pulmonary veins for Paroxysmal Atrial Fibrillation**. Live demonstration at the Centre Hospitalier Universitaire Vaudois, Lausanne, Switzerland, 5-8 March, 2001
- 10) **Pulmonary Vein Ablation**. Live Case Demonstration at the University of Tubingen, Tubingen (Germany). 6 July 2001.

- 11) **Lasso-guided ablation of pulmonary veins.** Cardiac Arrhythmias: Video Presentation Session II. *Cardiac Arrhythmias Seventh International Workshop*. Venice (Italy) 7-10 October 2001
- 12) **Radiofrequency ablation of focal atrial fibrillation.** Video Demonstration – Ablation of Atrial Fibrillation. *Europace 2001*. Copenhagen (Denmark), 24-27 June 2001.
- 13) Shah D, Waldo AL. **Results of focal ablation approaches.** American College of Cardiology extended learning (ACCEL) tapes, vol. 32, n° 9, September 2000.
- 14) **Catheter ablation of pulmonary vein triggers of AF.** American College of Cardiology extended learning (ACCEL) tapes, September 2001.
- 15) **Live demonstration of atrial fibrillation ablation.** II international symposium for interventional arrhythmology. Moscow 25-27 February 2003
- 16) **Live demonstration of AF ablation.** 3rd Birmingham live atrial fibrillation course. Birmingham, 11-12 December 2008.

7. RECHERCHE

- Traitement curatif de flutter atrial et de réentrée atriale
- Mécanisme(s) des fibrillations auriculaires
- Traitement curatif des fibrillations auriculaires
- Traitement curatif des fibrillations ventriculaires
- Mécanisme des tachyarythmies cardiaques

Le groupe de recherche en électrophysiologie cardiaque dont je suis responsable inclut:
Dr Henri Sunthorn et Dr Haran Burri.

8. CLINIQUES

Champ d'expertise clinique :

- Ablation de fibrillation auriculaire cardiaque par cathéter
- Ablation d'autres tachyarythmies cardiaques complexes

9. ADMINISTRATION

10. DISTINCTIONS

1999 Prix Knoll de la Société Française de Cardiologie, for original contribution to electrophysiology

11. SOCIETES

Dès 2004 Membre fondateur de la European Cardiac Arrhythmia Society (ECAS)

Dès 2007 Membre de la Société Suisse de Cardiologie (SSC)

12. FONCTIONS OFFICIELLES

2009-2010 Commission pour évaluer l'utilisation d'un ECG numérique aux HUG

13. FONCTIONS TECHNIQUES ET SCIENTIFIQUES

2007, 2008 Membre du Groupe de travail Suisse de « Pacing and Electrophysiology »
2011 Membre du « International Atrial Fibrillation Division Strategic Advisory Board »

13 A. EDITORIAL BOARD

Dès 2005 Membre de l'Editorial Board, Journal of Interventional Cardiac Electrophysiology

Dès 2005 Membre de l'Editorial Board, Journal of Arrhythmia - Japanese Heart Rhythm Society

Dès 26.12.06 Membre de l'Editorial Board, Heart Rhythm Journal

Dès 03.12.07 Membre de l'Editorial Board, Persian Heart Journal

Dès 11.12.07 Membre de l'Editorial Board « Section Editor » du Journal of Atrial Fibrillation (JAFIB)

13 B. REVIEWER DE MANUSCRITS POUR :

- 1) Circulation - Journal of the American Heart Association.
- 2) Circulation Arrhythmias & Electrophysiology

- 235) **New catheter ablation tools: real time contact force sensing.** ECAS 2009, 5th Annual congress of the European Cardiac Arrhythmia Society, Paris, France. 19-21 April 2009.

- 236) Co-chairman: **Specific patient problems post AF ablation.** (15 May) Heart Rhythm 2009. 30th Annual Scientific Sessions of the Heart Rhythm Society. Boston, 13-16 May 2009.
- 237) **Dealing with post-AF ablation AT and AFL: After linear lesions.** (15 May) Heart Rhythm 2009. 30th Annual Scientific Sessions of the Heart Rhythm Society. Boston, 13-16 May 2009.
- 238) **Contact force sensing and catheter ablation.** (19th May) Grand rounds at UCLA Cardiac Arrhythmia Center and EP Programs. Los Angeles, 18-20 May 2009.
- 239) Co-chairman: **Outcome of atrial fibrillation ablation: assessment of success.** (23rd June) Europace 2009. Berlin, Germany, 21-24 June 2009.
- 240) **Ablation of atrial fibrillation – a critical overview of indications, techniques and complications (state of art lecture).** 10th International Symposium. Düsseldorf, 18-19 September 2009.
- 241) **More ablation of persistent AF – or not.** Europe AF 2009, 2nd Annual Conference. London, 24-25 September 2009.
- 242) **Iatrogenic post-AF ablation tachycardia/atrial flutter: how to prevent and treat it?** Venice Arrhythmias 2009. Venice, Italy, 4-7 October 2009.
- 243) **Improving the efficacy and safety of catheter ablation.** MiniSymposium on Contact force sensing, 15th Annual Boston Symposium on Atrial Fibrillation. Boston, USA, 14-16 January 2010.
- 244) **Contact force: Improving safety & efficacy of ablation.** 7th Winter Arrhythmia School. Blue Mountain, Ontario, Canada, 5-7 February 2010.
- 245) **Targeted ablation of reentrant atrial tachycardias.** 7th Winter Arrhythmia School. Blue Mountain, Ontario, Canada, 5-7 February 2010.
- 246) **Live-in the box: AF ablation** (19 February). Indian HRS meeting. Mumbai, India, 19 February 2010.
- 247) **They ask, you answer. Discussion panel** (19 February). ISECON. Mumbai, India, 19-21 February 2010.
- 248) **Ablation- the magic wand for whom?** (20 February). ISECON. Mumbai, India, 19-21 February 2010.
- 249) **Future of arrhythmia management.** Guest lecture (21 February). ISECON. Mumbai, India, 19-21 February 2010.
- 250) **Management of supraventricular tachycardia and atrial fibrillation in the critically ill patient.** ACC 10. Atlanta, USA. 14-16 March 2010.
- 251) Co-chairman: **Pearls and pitfalls of ventricular tachycardia ablation** (15 March). ACC 10. Atlanta, USA. 14-16 March 2010.
- 252) **Chairman: Debate “We have all we need to successfully treat AFib”.** (19 March) 9th Atrial Fibrillation Symposium – Berlin, Germany, 18-19 March 2010.
- 253) **Contact force-sensing-technology and force-time integral: RF ablation is more than just “Watts”.** (9 April) Symposium “RF catheter ablation and contact force sensing

technology” during 76. Jahrestagung der Deutschen Gesellschaft für Kardiologie, Mannheim 8-10 April 2010.

- 254) **New technologies for safer energy deliver systems.** (24 April) International Symposium "Update on Atrial Fibrillation 2010". Coburg (Germany), 23-24 April 2010.
- 255) **Different ablation strategies for different AF types?** International Advanced Workshop for Atrial Fibrillation. London, Great Britain, 28-29 April 2010.
- 256) **Difficult AF patients and how to get successful PVI (part 1 and 2 - Round table).** International Advanced Workshop for Atrial Fibrillation. London, Great Britain, 28-29 April 2010.
- 257) **Different techniques for transseptal punctures. Tips and tricks from experts for daily use.** International Advanced Workshop for Atrial Fibrillation. London, Great Britain, 28-29 April 2010.
- 258) **Force-time integral: a new parameter for optimising lesion creation. Usage of contact force measurement for PVI.** International Advanced Workshop for Atrial Fibrillation. London, Great Britain, 28-29 April 2010.
- 259) Chairman of Abstract plus session: **Impact of atrial fibrillation ablation on patient outcomes.** (13 May). Heart Rhythm 2010, 3^{1st} Annual Scientific Sessions, Denver, CO, USA, 12-15 May 2010.
- 260) Co-Chairman : **Ablation of myocardial tissue: let it be light, let it be contact, let it be no gap** (18 June 2010). 17th World Congress Cardiostim 2010 Nice Acropolis, France, 16-19 June 2010.
- 261) Co-Chairman : **Mapping and ablation of left atrial tachycardia after ablation of atrial fibrillation** (16 June 2010). 17th World Congress Cardiostim 2010 Nice Acropolis, France, 16-19 June 2010.
- 262) **Catheter ablation** (18 June 2010). 17th World Congress Cardiostim 2010 Nice Acropolis, France, 16-19 June 2010.
- 263) **Educative session: “EP and ablation The challenging case – part II”** (19 June 2010). 17th World Congress Cardiostim 2010 Nice Acropolis, France, 16-19 June 2010.
- 264) **Advances in AF ablation – Where are we after a decade of trials, tribulations & triumphs? (31 July)** Kansas City Heart Rhythm Symposium, Kansas City, MO, USA, 31 July–1 August 2010.
- 265) **Management of AFib recurrences after AFib ablation** (10 September). 15th Annual Interventional Electrophysiology Symposium on State of the Art in Atrial Fibrillation and Ventricular Tachyarrhythmias. Lugano, 10-11 September 2010.
- 266) **Data of electrophysiologist** (14 September). 24th EACTS Annual Meeting. Geneva, 11-15 September 2010.
- 267) **PVI : Trouble shooting. IHRS 2010.** Hyderabad, India, 1-2 October 2010.
- 268) **PVI : Technique & validation. IHRS 2010.** Hyderabad, India, 1-2 October 2010.
- 269) Chairman: **How contact force and force-time interval can optimise RF ablation.** HRC 2010. Birmingham, Great-Britain, 5 October 2010.

- 270) Chairman : **Issue on atrial fibrillation ablation – Part I.** (22 October) 9th Symposium on advances in cardiovascular Diseases. From calliper to catheters. Turin, 22-23 October 2010.
- 271) **Ablation Workshop: Why you should send me your AF ablation cases.**
Contemporary, Challenging and Controversial Issues in Electrophysiology. New York, USA, 6-7 November 2010.
- 272) **Simulator Suite Workshop: Lasso recordings and interpretations.** Contemporary, Challenging and Controversial Issues in Electrophysiology. New York, USA, 6-7 November 2010.
- 273) **Endosense Tacticath (23 November 2010).** Europe AF 2010. London, 22-23 November 2010.
- 274) **Catheter contact force during human right and left atrial mapping.** ICI Meeting 2010, Innovations in cardiovascular interventions. "From Idea to Reality". Tel-Aviv, Israel, 5-7 December 2010.
- 275) **AF ablation: how has the technique and technology developed?** The 7th International Scientific Congress of the Egyptian Cardiac Rhythm Association ECRA. Cairo, Egypt, 15-17 December 2010.
- 276) **Debate: ablation of long standing persistent AF; ablate?** The 7th International Scientific Congress of the Egyptian Cardiac Rhythm Association ECRA. Cairo, Egypt, 15-17 December 2010.
- 277) **Debate: RF ablation of AF first line of treatment: Pro.** The 7th International Scientific Congress of the Egyptian Cardiac Rhythm Association ECRA. Cairo, Egypt, 15-17 December 2010.
- 278) **Case 6: "A difficult AF ablation".** New Swiss Horizons. Lenzerheide, Switzerland. 13-16 January 2011.
